## 1. Introduction

---

Go online with agile and responsive Kingfisher Odoo Ecommerce theme! Options are many, what matter is performance and features!

## 2. Pre-requisites

---

Following points must be followed before starting the plug in installation:

- You should login as an Admin in Odoo.
- Check that your Odoo Instance is compatible for Kingfisher Theme.
- An e-commerce module should be present in your instance to use this app.

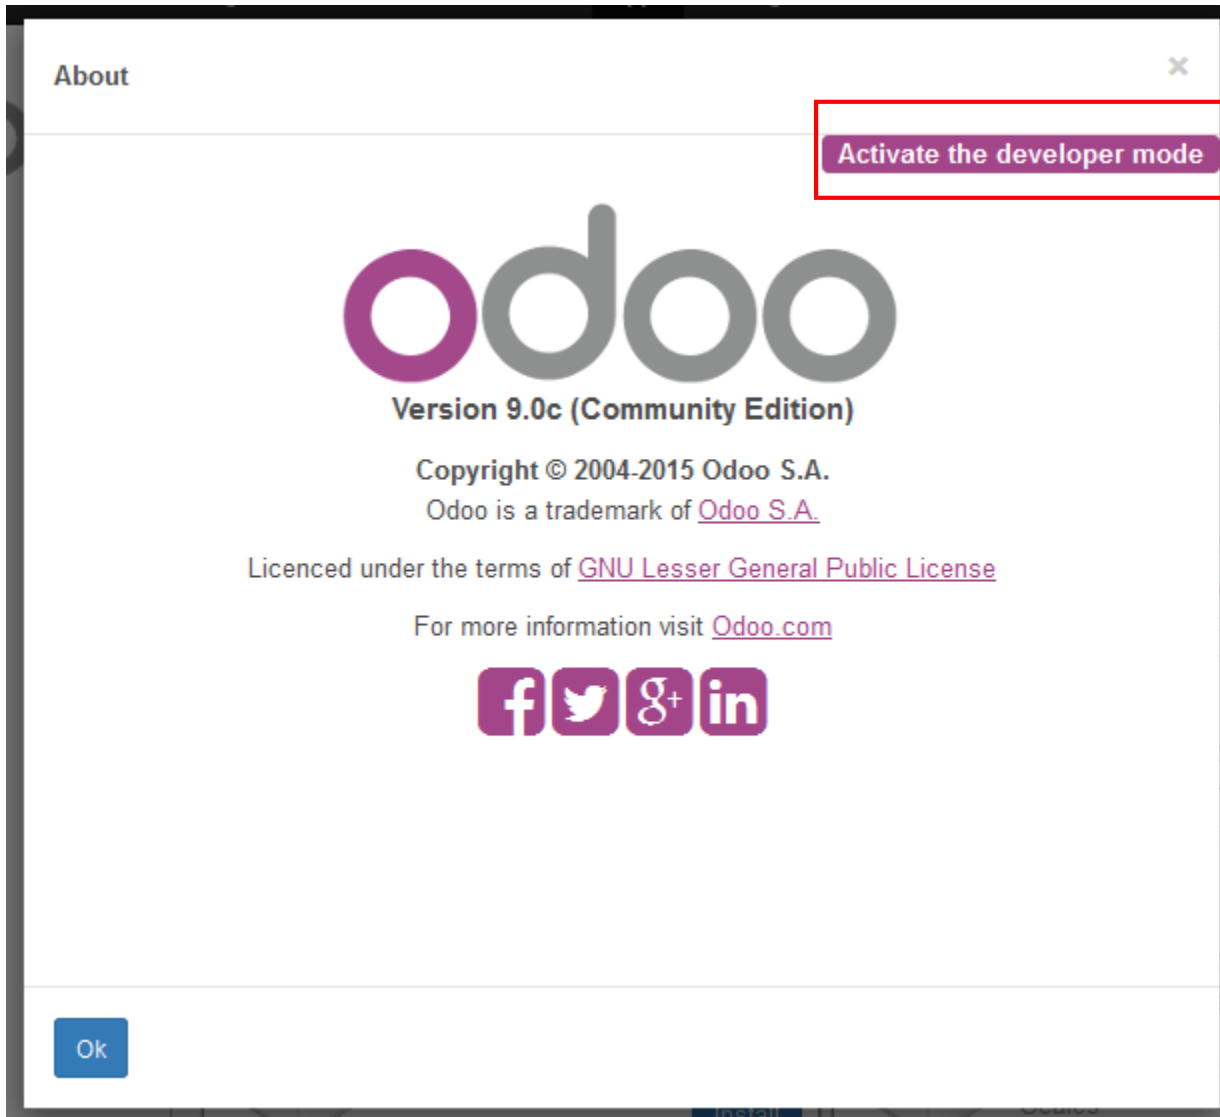

## 3. Installation

---

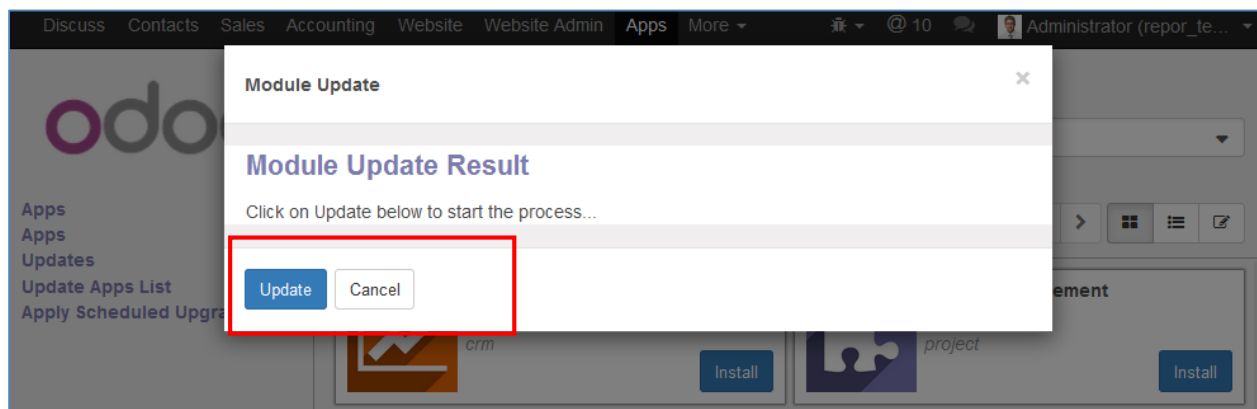

- Download & Unzip Kingfisher Theme Folder
- Move kingfisher folder to your Odoo 9 setup path

Ex. /home/detai/odoo\_demo/odoo/addons

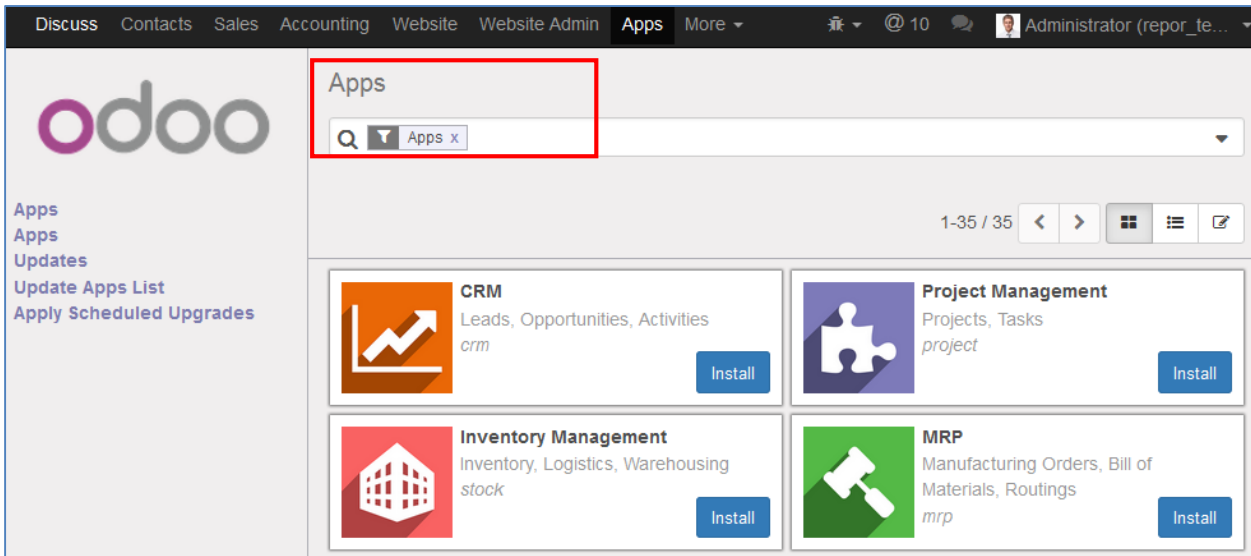

- Open your Odoo 9 copy in any browser.
- Database selection
  - a. For new database
    - Click on manage databases
    - Click on Create database ( new database )
    - Enter database name, email & password for new database.
    - Click on Continue button
  - b. For existing database
    - Select existing database. Use default created db: "test\_db\_theme"
- Login with the admin credentials.
- To activate Developer Mode Go To **Administrator -> About**. Click on Activate the developer mode and Developer mode will be activated.

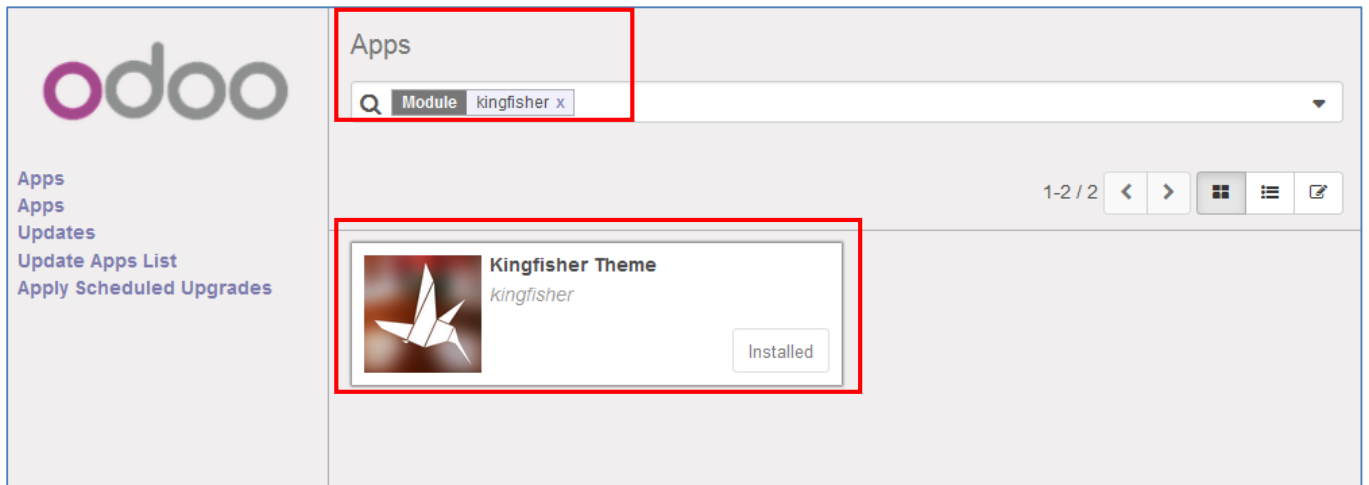

- Go to Apps/Update Module List.
  - Click on “Update” button.

- Go to Apps/Apps Modules
  - Remove search filter

- Enter module name in the search box provided in the top right corner of the page. For e.g. here write “Kingfisher”.
- Click on install button.

- You are ready to go with Kingfisher Theme.
